Cable Preparation Tool – Sheath Cutter

269-CSC01-CL628 Optical Fiber Cable Sheath Cutter, Circular/Longitudinal, Cable Diameters: 6 mm–28 mm

CHARACTERISTICS

Applications: thermoplastic cable sheath/tubing cutting.

Cutting modes: circular ("ringing");
longitudinal ("slitting");
midspan/endspan.

Cable grip: 6 mm–28 mm (0.24 in–1.10 in), adjustable.

Cutting depth: up to 3 mm (0.12 in), adjustable.

Design: handheld;
ergonomic shape;
lightweight.

Body: construction: one-piece;
material: reinforced polyamide.

Blade: material: SKD11 tool steel:
cold-work alloy;
high carbon and high
chromium;
high hardness;
high wear resistance;
high impact resistance;
service life: >1,000 cuts;
replaceable;
cutting direction: self-adjusting.

Dimensions: H: 94 mm (3.7 in) min;
122 mm (4.8 in) max;
W: 41 mm (1.6 in)
D: 45 mm (1.8 in)

Weight: 110 g (4 oz).
